[Denver, CO] [November 14, 2023] — Sumihiro Investments, specializing in international and domestic advisory services, announces its collaboration with Orient Express Holdings. “There are a substantial number of companies looking to expand internationally,” says Gary Sumihiro, Founder of Sumihiro Investments. “Orient Express Holdings, based in Hong Kong, has extensive relations in Asia and Europe, especially in the technology area. We found it natural to explore a deeper relationship,” says Sumihiro.

Both companies are in the process of onboarding their first client, a Turkish based technology company that has recently showcased its fully autonomous, LiDAR, and electric delivery vehicle at Istanbul's EVCharge show.
